February 1, 2012

Dear Parents,

We are in the process of reviewing our tuition billing system for the upcoming school year. Many parents over the years have questioned why we do not use a tuition management company or accept debit or credit cards to pay tuition. We are taking all of these suggestions into consideration but would ask that you please complete the form below regarding the various options available to us.

The management companies will bill you at the same time each month. Late payments, of course, will carry a penalty. It is extremely difficult to plan our school budget when tuition payments are not received on time.

We would ask that you please return the form to the office by Wednesday, February 8<sup>th</sup>.

Thank you for your cooperation.

Sincerely,

Joan Sickinger  
Principal

We prefer the in-house monthly billing system currently used.

We prefer to be billed monthly by a tuition management company.

We prefer being billed by a management company with the options of direct withdrawal from our checking/savings account.

We prefer to be billed by a management company that will allow us to use or credit or debit card to make payments.
